

MoleSafe's Panel of Melanoma Experts

Richard Bezozo, M.D., President of MoleSafe

Dr. Bezozo is Chief Executive Officer of Care Station. He received his undergraduate degree from CW Post College, Long Island University in 1979. He received his medical degree at St. Georges University School of Medicine in 1983. He completed two years of surgical residency at Methodist Hospital in Brooklyn, New York and three years of Internal Medicine residency at Muhlenberg Hospital in Plainfield, New Jersey. As CEO of Care Station, Dr. Bezozo has developed expertise in start-up ventures. He has focused on roll-out strategies, vendor relationships and management development. In addition to growing a large general practice in the Linden office for the past twenty years, Dr. Bezozo has worked extensively with businesses throughout the country on issues ranging from workers' compensation injury treatment to substance abuse in the work place.

Since January 2008, Dr. Bezozo has served as President of MoleSafe. He is actively involved with the strategic planning and implementation of this new and exciting program.

In addition, Dr. Bezozo serves as Regional Medical Director for major corporations, municipalities, and school districts. Dr. Bezozo is a recognized speaker on issues ranging from substance abuse and safety in the work place to workers' compensation cost control. He was a founding member of Urgent Cares of New Jersey, a trade organization that represented Urgent Care centers throughout the State of New Jersey.
